

Contractor Job Day Kit List

Everything you need loaded in the truck before you leave for the jobsite.

Tile Installation Kit

- Thinset mortar (correct type & quantity — see coverage calculator)
- Trowels: notched (correct size), margin, flat for back-buttering
- Mixing drill & paddle
- 5-gallon buckets (at least 2) + grout sponge
- Level (4-foot) + torpedo level
- Tile spacers (correct size)
- Tile leveling system (Spin Doctor or Bihui clips + caps)
- Tile cutter (manual snap cutter or wet saw)
- Angle grinder + diamond blade (for L-cuts, notches)
- Grout + grout float
- Caulk (color-matched silicone — Laticrete LATASIL or Uzin)
- Knee pads

LVP / Hardwood Kit

- Pull bar & tapping block
- Oscillating multi-tool + flush-cut blade
- Speed square & tape measure (25')
- Utility knife + extra blades (lots of them)
- Crain strip cutter or 13" floor cutter
- Spacers ($\frac{1}{4}$ " for expansion gaps)
- Transition strips (T-molding, reducer, end cap as needed)
- Adhesive (if glue-down install)
- Underlayment (if floating install)

Carpet Kit

- Knee kicker
- Power stretcher (for rooms over 12')
- Seam iron + seam tape
- Wall trimmer & stair tool
- Carpet knife (Crain) + extra blades
- Tackstrip + pad staples
- Carpet pad
- Seam sealer

Universal Essentials

- Tape measure (25')
- Chalk line
- Pencils & Sharpie markers
- 5-in-1 painter's tool
- Scrapers & putty knives
- Shop vac
- Extension cords + power strip
- Drop cloths / Ram Board surface protection
- Trash bags
- Water (for mixing and drinking)

Safety Gear

- Dust mask / respirator (N95 minimum for cutting)
- Safety glasses
- Hearing protection
- Work gloves
- First aid kit
- Knee pads (seriously, don't skip these)
